Pricing at Dreams and Images is quite simple. The price you pay is determined by your wedding date and our time and effort.

Our talent, care and expertise are always included in every package.

**Most of our packages include Unlimited Photography,
Videography and Genuine Leather Flush Mounted Albums.**

Our pricing depends on when your wedding is, the day of the week, time of the year and whether it's a morning or afternoon wedding. For a small midweek event we have packages from \$895. Pricing for coverage of a Saturday afternoon wedding will range from \$1995 and up. Please give Jim a call and he can explain the packages and current specials, as well as customize a package based on your needs. If your event is a summertime wedding that's coming up soon he has some incredible specials for you!

We invite you to set an appointment to meet personally with Jim to review his work and view sample albums and portraits in person.

You will quickly see how his expertise in computer applications can make your Images a Dream of a Lifetime.

Jim is a Member of the IFPO Hall of Fame and he has earned a Lifetime Achievement Award

It's difficult to choose a photographer by just comparing prices. Style, personality, creativity, and experience are all very important.

Please call 602.743.4653 today and see if your date is still available.

Please be advised, popular dates can book far in advance!
